Dress Goods
AT THE
BEE-HIVE

We are determined to establish a reputation for our Dress Goods Department, as we have succeeded in doing with several others.

To accomplish our object we shall carry during the season just opened a stock at least

Four Times Larger

Than heretofore, and will not permit any one to undersell us.

We shall consider it a favor if our attention is directed to any goods which are offered BELOW OUR PRICE and mark down AT ONCE.

NOTE A FEW SAMPLE QUOTATIONS:

One piece imported Wool Dress Goods, consisting of Plaids, Checks, Brocades, and Cashmeres, at

20 cts. per yard.
(Worth 30 to 40 cts.)

One piece 36-inch Wool Cashmere at

30 cts. per yard.
(Worth 40 cts.)

250 pieces 36-inch Wool Cashmere at

40 cts. per yard.
(Regular price, 50 cts.)

75 pieces 44 All-Wool Suitings, in all the new shades, at

60 cts. per yard.
(Good value at $1.00.)

SILKS.

One Cent Grain Silk, in all good colors and black, at 60 cts. per yard is a splendid bargain. Get a sample and compare it with others.

50 pieces Black and Colored Gros Grain Silks, excellent quality, at

85 cts. per yard.
(Others ask $1.25.)

25 pieces Black and Colored Gros Grain Silk at

$1.00 per yard.
The Best Dollar Silk in the City.

SHOES.

We were very successful last week in selling Shoes below our neighbors, so much so that we are induced to give our patrons some bargains still more wonderful this week. We have quite a quantity of Children's Goat Button Solar-Tip Shoes, formerly $1.25; this week they will be sold for 39 cts. *We have a lot of Infants' Kid Button that we feel sure you will call cheap at* 49 cts., *and Glove Tip for* 73 cts. *We propose to make this quite an extensive sale, and now that the Infants and Children are cared for we come to the Ladies' Shoes. We offer you a very large quantity of C. M. Henderson & Co.'s make Kid and Goat Side and Front Lace, sizes 4½ to 7, for* 98 cts. *It has been said that $2.50 was paid for same Shoe not long since. There comes about 200 pair Ladies' Cream Button that* $1.24 *will buy this week; formerly we sold for $2.00 a pair. A few pair of Ladies' Kid Button, formerly $4.00, this week we ask* $2.47. *We also have odd many pair of Ladies' Cream Kid Button, worked button holes, C. M. Henderson's make, for* $2.95, *that were $4.50. Hand-Sewed French Kid and Kangaroo for* $3.55, *at one time selling for $7.00.*

Men and Boys Should Not Be Left Out.

And we invite inspection to same. Boys' Calf Lace Shoes for $1.50, *reduced from $2.00. We succeeded in getting hold of some Men's $4.00 Calf Sewed Button Shoes so cheap that we shall sell them for* $1.95 *pair; the Congress will be sold for the same. Then we have a $7.00 Shoe—Sewed, Lace, Congress, and Button—that we thought would attract men, for* $2.73 *—really great bargains.*

HOSIERY.

The Ladies will find our Hosiery equally AS CHEAP. We have made a recent purchase of a factory that wanted money more than Hosiery. So we give you the benefit. We made a purchase of quite a lot of Ladies' full fashioned full regular Hose, in stripes and solid colors (including black), yours for 19 cts. We can't help but think you will say cheap at even 25 cts. In the same invoice we expect to sell you Ladies' Lisle Thread Hose, all colors remember, including black, for 25 cts., formerly sold for 37½ cts. Last, but not least, came a lot of Ladies' Pure Silk Hosiery, in a complete line of colors and black, all to be sold for $1.25 a pair. We hear you say, "How Cheap!" Sold by others for $1.50 and $1.75. We need only to mention that we have also a full line of Ladies' out-size Hose, opera lengths, fancy cotton, high grade Fancy French Lisle, that will be sold correspondingly cheap.

SILKS.

The trade in our Silk Dept. has doubled since June 1. WHY? you will ask. It must be the prices. Striking the gold in C. We make particulars. Frequently customers find that we have not just what they want, but we found two or three bargains which you may have the need by inspecting of our Silk Counters, to the left as you enter. The most talk of are Black and Colored Dress Silks that we propose to sell for 98 cts., *that have formerly by 25, 50c, some value thing. The Spring Shades,* 69 cts., *that are long ago sold for $1 etc. We managed to get hold of some Black and Colored Velveteens that we will make* 49 cts. *Brocade Satins, very black and never sell for less than 75c, this week* 39 cts. *and for Lupin Brocade Satins.*

Miss Lizzie Tilghman, daughter of Gen. Thompson, of South Carolina, died yesterday from the effects of severe burns suffered the night of the 4th inst., while reading in bed by light.

The Governor of Prince Edward Island is a great deal of a man. In a proclamation he regrets the departure of Lord and Lady Lansdowne from the country on the appointment of Lansdowne. Strikes and rebellion for Ireland.

Mr. Blackmore is reported to be in very poor health. His physician, Sir Andrew Clark, ascribes his ailment much, but gives him to attend the Cabinet meetings, as the mental worry which would be produced by ignorance of what is going on would be more serious.

Victor, charged with the Pacific Express robbery at St. Louis, made an unsuccessful attempt to escape from the United State jail yesterday, which he was to testify of a detective. He descended from the fifth to the second floor by means of a rope-ladder. A tallow dust prevented further progress and he was recaptured.

Rudd Martinez, the Indian Minister for Foreign Affairs, has been succeeded by U a walk, by Jehovah Young to bring about good relations China and France. The French, it is believed, will not be averse to negotiations. The Bishops of the Churches of England are opposed to a further sacrifice of land and money, and French premier has been amply vindicated by the rejection of the grain.

Lord Randolph Churchill and the Prince of Wales, who have been on unfriendly terms for some time on account of the unknown existing between the Prince and Lord Randolph's sister Mrs. Jerome, the prodigious Duke of Marlborough, made up a few evenings ago at a dinner given by the British Ambassador. The leader of the fourth party, however, refuses to be on friendly terms with Albert Edward's set.

The visit of science and prosperity to the vicinity of the Cave of Adullam gold discoveries continue. Every train on the Northern Pacific from Montana brings. Fort Benton correspondent has arrived at Helena, Mont., and expects to reach the mines to-morrow. Fifty of the 150 carried there 6 a gold prospect for the discovery of gold the Gods. Superintendent gaines, has been found to have specimens and of rich quality.

The Annual Dinner of the Free-Trade Club—Speaker Carlisle's Remarks.

A Growing Demand for Railway Trade for Investment—Testimony of an Unemployed Victim.

The Power of the Courts to Interfere with the Sailings of Book Embargos—Other Matters.

[SPECIAL TELEGRAM.]

New York, March 15.—[Special.]—The annual banquet of the gentlemen of the Free-Trade Club at Delmonico's this evening, among the guests were Speaker Carlisle, Abram Stevens Hewitt, the Hon. David A. Wells, the Hon. Edward S. Tobey, Paul Willard H. Payne, the Hon. S. S. Cox, the Hon. Orlando B. Potter, J. S. Moore, Erastus Wiman, S. Colgate, L. S. Lefler, John B. Pierson, E. L. Godkin, C. F. Peirson, Thomas C. Shaverman, W. L. Ogden, Maurice Barker, the former editor of the World, and others. Letters of regret were read from United States Senators Bayard, Pendleton, and Beck, and many other prominent men. Charles Francis Adams wrote: "The present industrious and absurdly unwise mode of getting rid of the surplus revenue is increasingly odious in getting rid of it. The only remedy for the evil which the Constitution has supplied is a careful revision of taxation for the purposes of revenue only, and the right enforcement of public economy in the legitimate needs of the Government."

Speaker Carlisle regretted his inability to be present, as he feared to plead the presence to justify his absence except in the cause of common sense and the highest cause of civil service reform. Henry Ward Beecher also sent regrets.

The President, Everett P. Wheeler, welcomed the guests, especially Speaker Carlisle. As the leader of Mr. Carlisle was accustomed the gentlemen arose and was cheered.

The President, in a speech, referred to the resolutions of sympathy passed by the House of Representatives on the death of Hon. Fernando Wood, Speaker Carlisle saying: "The distinguished opponent of the gentleman from Ohio [Mr. Wood] and that "We are the highest tribunal of appeal to which this country can submit differences of party in order that the action of the House Committee on Rules in refusing to consider this resolution in the Morrison bill," Mr. Wheeler said that another paragraph had to be added to the report on the Morrison bill, "It is also resolved that we condemn Carlisle," and that "We are not, I trust, such narrow-minded souls as to refuse to acknowledge such talents in the opponents of our party, and that we class Mr. Carlisle with those distinguished opponents of ours, and that we class Fernando Wood as a country from the Government of the people of the race. We mean the action of the House Committee on Rules in refusing to consider this resolution."

[SPECIAL TELEGRAM.]

When the Chairman called for remarks and Mr. Carlisle arose he received a hearty welcome. He said the Democratic party of the nation appointed this entire meeting and every Democratic club would be glad to be represented. The gentlemen present were not only Democrats, but Democrats who had been active in the party. The Democratic party was in power, and the Democratic party was responsible for the administration of the Government. The Democratic party was responsible for the administration of the Government. Arend's Kumyss
MILK CHAMPAGNE
(CRUDE MILK)
Should be the recipient of the physician in all those cases of inability to which prompt improvement of the general tone is the prognosis. Kumyss in the limited and most easily digested food, and as such the best nourishment for a weak stomach; at the same time, through the process of fermentation which Kumyss undergoes, medicinal qualities are developed which we vainly look for in materia medica. In cases, resulting, extreme cases of dyspepsia Kumyss acts like a charm, promptly relieving all the distressing symptoms of such cases. When the stomach rejects all else, Kumyss is retained and assimilated, affording the natural nourishment, strength, and sustenance, and, as a logical consequence, nervousness ceases and refreshing sleep follows. In cachia, intermittents, gastric, and typhoid fever, Kumyss is the best diet. It satisfies thirst and hunger and allays the fever. Kumyss has another very the advantage over drugs in that it can never do harm. To those so irritable stomach with drugs from absolutely which no intelligent physician attempts in this fail. But not only in extreme cases should Kumyss be resorted to; it should be the chief remedy for a weak stomach under all circumstances. The Kumyss trade-marker with a few glasses of Kumyss a day will improve the digestion and its nerve force. Ladies would be less nervous, more vigorous, and healthier-looking if they would add to their daily diet a few glasses of Kumyss.

The Teaching of the Apostles.

The New York Tribune Christian Scientists, the Methodist Society of Friendship, the Presbyterian Society of Christian Endeavor, and the Congregational Society of Christian Endeavor are to publish in complete form an early apostolic writing commonly known as "The Teaching of the Apostles." The original text of this document has not yet come to this country, but a German translation of a portion of it by the great patristic scholar, Prof. Harnack, has been announced and English in the Independent. "The Teaching of the Apostles" was discovered by the church fathers, Clement of Alexandria quoted it as among the most sacred books, and placed next to it in the New Testament. Prof. Harnack regards this newly discovered writing as an apostolic product and probably the earliest document of the Christian church. There is a Greek text in the Jerusalem codex, but it has not been known to the world.

A Chicago lawyer is making more than twice as much money as the President of the United States. He is employed by the United Typothetæ of America to conduct a test case in the courts to determine whether the Typothetæ is responsible for the unlawful acts of the Chicago Typothetæ, which has been declared by the United States Circuit Court to be a trust and unlawful combination. The case is one of the most important efforts to have labor unions and employers' associations held responsible for the acts of their agents. The Chicago Typothetæ is a branch of the National Typothetæ of America, and was organized to resist the demands of the Typographical union for the eight-hour day. Joseph Cook on Undenominational Wines.

Lenox Church, Dr. Joseph Cook has recently taken the position somewhat unusual with him upon the platform question which was the foremost subject in the minds of most of the ministers in the north. The question was, were the use of the unfermented juice of the grape in the communion and undenominational? Dr. Cook said: "Question first: Ought we to 'prohibit' the use of it, as some do? There is not the least ground for such action. There is not the least reason to prohibit it anywhere. Any one who uses the juice of grape in the communion service, but is absent minded enough to prefer that which is fermented, is not to be censured. Let him alone. Let him follow his conscience. Let him act according to his own judgment. Let him be free. Let him be free. Let him be free
